

# City Manager's *Up*date

July 14, 2023

This *Up*date will refer to the events since the date of the last *Up*date of June 8<sup>th</sup> and is covering the updates and statistics for the month of May~

## **Marina:**

- Marina usage for June 2023:
  - Daily Ramp Passes (Office payments): 10
  - Daily Ramp Passes (Kiosk payments): 265
  - Daily Ramp Passes Total: 275
  - Annual Resident Ramp Decals: 6
  - Annual Non-Resident Ramp Decals: 0
  - Transient "Visiting" Boaters: 5
  - Annual Parking Passes: 5
- Purchase orders have been approved by the State of Florida for removal of two derelict vessels that sank outside of the marina. These vessels are awaiting removal by the State's contractor.
- Demolition of the pram shed on the west side of the marina has been completed and construction of the new pram shed is underway.

## **CRA/ECONOMIC & HOUSING DEVELOPMENT**

### **Community Redevelopment Agency (CRA)**

- Staff continues to address ongoing enhancements to the downtown, such as benches, signs, dumpster enclosures and landscaping.

### **CRA Sponsored Special Events**

- The Tampa Bay Market continues to be well attended. Summer hours will be Saturdays starting 10<sup>th</sup> June from 9:00am to 1:00pm at Museum parking lot.

### **Downtown Projects**

- **Existing City Hall** - staff is working with Public Works on the demolition of the old City Hall scheduled for this Summer.
- **New Parking Garage** - Staff prepared updated estimate on the cost of this project and look for Commission approval for the project.
- **Skinner Blvd Road Project** - The Public Meeting with FDOT representatives was held June 27<sup>th</sup> at 5:30 to 7:30pm. The meeting was well attended.
- **Downtown Streetscape Pavers** (Phase 1 on Main Street, by Casa-Tina's) Construction for this project is scheduled to begin July 5<sup>th</sup>.
- **Mease Materials** - demolition of the building has been completed. The lot has been cleared and prepared for temporary parking by City Public Works staff. The final design phase is being drafted by City Engineering staff.
- **Ocean Optics Site** - Staff met with owner of the property to hear thoughts on possible concepts.

### **Coca-Cola Site**

- Staff met with the new General Manger with Coca-Cola and will continue to with collaboratively to assisting in the transition.

## **Marketing and Communications**

- Staff continues to meet with the Communications department to assist with promoting greater communication between citizen and business organizations.

## **Citywide Commercial Facade Grants**

- Staff continues to work with several local businesses on commercial facade grants. To date seven commercial facade grants have been awarded.

## **Patricia Corridor Project**

- Staff is working with Public Works to assist with managing some of the costs associated with the landscape median.

## **Business Recruitment and Retention**

- Staff continues to meet with and assist the Dunedin Downtown Merchants Association (DDMA), and Visit Dunedin.
- Staff continues to work with Pinellas County Economic Development (PCED) and attend the monthly Economic Development Partners meetings with leadership from the surrounding municipalities.
- Staff continues to respond and to assist businesses to find available space in the business community.

## **Affordable Housing**

- Staff continues to explore opportunities to create affordable housing and is vetting a submission on a project request to the Florida Housing Finance Corporation (FHFC) for Low Income Tax Credit program for a proposed affordable housing project.
- Staff continues to field calls from citizens seeking resources for affordable housing and other social services.

## **Surplus Property**

- Staff has been reviewing several opportunities for property and will bring a recommendation to the City Manager.

## **SUSTAINABILITY**

### **Program Coordinator:**

- In celebration of Juneteenth, the City hosted an in-service day for its staff. Internal staff participated in various activities and completed many community service projects. Two that related to the environment included the litter clean up around the city and the native Firebush plantings at the Fire stations. Staff collected a total of 615 pounds of trash from the following neighborhoods and locations: Library, Water Treatment Plant, Wastewater Treatment Plant, Fire Stations, and the Dunedin Causeway. Staff also planted six new native Firebush plants that will attract native wildlife including birds and pollinators.

Juneteenth In-Service Day 2023 – Community Service Activities

- Staff continues to lead the Ready For 100 Clean Energy subgroup and the Regional EV Infrastructure subgroup for the Pinellas Sustainability & Resilience Network. These groups work to create regional collaboration on current sustainability topics and solutions.
- **Upcoming Events & Meetings**
  - The Committee on Environmental Quality & Sustainability (CEQS) will meet on July 25, 2023, at 6:00 P.M. at the Dunedin Public Library (Meeting Room A). See government calendar for updates. Please note the meeting location change and the change in start time. The Committee voted to begin meetings in the evening moving forward to allow for more community members to attend who otherwise could not due to work schedules. For meeting updates, visit: [City's government calendar](#)

## **PARKS & RECREATION**

### **Parks & Recreation Administration:**

- Staff participated in the annual Juneteenth In-Service Day with various community service projects. Staff prepared responses to various inquiries and requests for additional information.
- Attended the first Budget Workshop on June 1, 2023 which discussed the Fiscal Year 2024 budget and capital improvement projects.
- Continued to work with the staff at the Dunedin Library to finalize the design for the replacement playground. Developed project elements, layout and obtaining quotes.
- Planned the community outreach and proclamation presentation for National Parks & Recreation Month in July.
- Continued to finalize the Highlander Aquatic Complex master plan and revised cost estimates. Discussed and reviewed the green building requirements.
- Finalizing the Florida Communities Trust grant administration for the acquisition of the Gladys Douglas Preserve. Coordinating the approval and authorization with the State DEP and Pinellas County of the Dedication and Declaration of Restrictive Covenants for Commission approval on July 25, 2023.
- Met with the Board of Finance to discuss the details of the Dunedin Golf Club restoration project and the Highlander Aquatic Complex.
- The Transition Team for the Dunedin Golf Club continue to meet on a bi-weekly basis and are finalizing plans for capital improvement projects, hiring new personnel, contractual agreements, and a communications plan for both the transition and the course renovations. A meeting with the DGC members is scheduled for July 17th and a public

meeting is scheduled for July 24th at the Dunedin Community Center. A PowerPoint presentation has been prepared.

- Continued to meet weekly with the architect and team of City staff to finalize the design for the Dunedin Golf Club restoration project to ensure the project stays on schedule. The request for qualifications to pre-qualify contractors for the construction was also completed with responses due June 22, 2023. The evaluation team is meeting on July 10th.
- Conducted an analysis of the DGC Clubhouse facility and identified areas for renovations and repairs. Items were categorized by urgency and given a rough estimate of cost.
- Prepared an inventory of the various plaques and monuments around Dunedin that are dedicated to and honoring our veterans.
- Finalized the scope of services for the Marina Master Plan and presented it to the Marina Advisory Committee. The scope will be presented to the City Commission on July 11, 2023.

### **Marketing:**

- Promotions and marketing materials completed for the Department's upcoming events, programs, and special announcements, including flyers, posters, postcards, and on the city website, social media platforms, and eNews. Promotions for this month included: Water Fitness, Pool Parties, Golf Camps, Juneteenth Celebration, DST Kids Theater performance, Midnite Madness, Back to School Open House & Expo, Hometown USA, Luau Pool Party, recruitment for a Chorus Director, educational/promotional materials for the Hurricane Expo, and various recreational programs and classes from each recreation facility.
- Created a fillable form for the Purple Heart Commemorative Brick Program and also prepared promotions for the Brick Program and the Purple Heart Ceremony scheduled to take place in August.
- Continued plans and developed promotional items for July as National Park & Recreation Month. Created outline and video content that showcases the Department's programs, services, and facilities, while incorporating this year's theme, "Where Community Grows". Promotions also include a Proclamation, interviews/short reels featuring our staff, an article submitted to the local newspaper, and social media posts, as well as e-news. Presentation scheduled for July 11 City Commission meeting.
- Completing the final draft of our next Parks & Rec Magazine (fall edition). The Request for Quotes process for printing was finished. The fall magazine is scheduled to go to print and be distributed mid-August.
- Award application was submitted to the Florida League of Cities for the Gladys E. Douglas Preserve. The City of Dunedin was honored to be chosen as the winner in the Local Action category of the 2023 Florida Municipal Achievement Awards
- Completed weekly eNews bulletins for the Hale Senior Activity Center and a monthly eNews bulletin for the Parks & Rec Department. Additionally, multiple stories were included in the City's weekly e-news bulletin to promote our programs, classes, and events. The number of subscribers for each bulletin has been steadily increasing every month. Analytical reports indicate that readers' interest remains high.
- Completed the Content Publishing Training (1 & 2) for the new website. Work continued for the new website development, including reviewing content, creating user-friendly URLs, updating information, and making necessary edits during this migration phase.

### **Special Events:**

- Paint Dunedin Purple on Saturday, June 3<sup>rd</sup>: There were many great activities around town highlighting Alzheimer's awareness. The Brain Bus made an appearance, providing the

community with education on the benefits of early detection, early diagnosis, brain health, and risk reduction. House of Beer hosted a band called Sloppy Joels. More than 30 local shops participated, raising over \$5,000 to date.

- The Dunedin Pride Golf Cart Parade was held on Friday, June 16<sup>th</sup>. Although the weather was very hot, the sunshine was perfect for the parade. The TD Mascot was there, along with the entire Rainbow Fleet from Let's Go Carting. There were roughly 86 carts that participated. The route staged at TD Ballpark, took a loop around downtown Dunedin, visited Mease Life, and ended back at the stadium. The crowd attendance along Main Street and Douglas was amazing!

#### **Recreation:**

- **Athletics:**
  - Dunedin Little League Majors baseball and softball all-stars, both won their respective District Championship.
  - Summer Camp is in full swing. Golf, Baseball, Tennis, and Multi Sports camps started in June and pretty much every week was full. The Fishing Camp went out on charter boats.
- **Dunedin Community Center:**
  - Summer camp started and all weeks were maxed out: Kids Camp (max 140), Pre-K Camp (max 25), Acting Camp (max 25) for two weeks, and Theater Camp (avg 21) for two weeks.
  - Progress Arts held a summer musical production of Finding Nemo with a matinee and evening showing.
- **Hale Activity Center:**
  - The Hale Center hosted a Luau Luncheon with 72 in attendance. Dunedin Ukles performed and the event was sponsored by Ameri-Life.
  - Held an Ice Cream Bingo with 30 in attendance.
- **Martin Luther King, Jr. Recreation Center/Youth Services:**
  - Edward "Eddie" Schmid joined the Parks & Recreation team as a VOD Recreation Leader; Eddie will be working at the MLK Recreation Center this summer assisting with summer camp and the Multi-City Youth Co-Ed Basketball League.
  - On June 16<sup>th</sup> the MLK Recreation Center hosted a new program "Summer Camp @ Night" where children ages 7-12 enjoyed games, activities, and snacks all while participating in an indoor campout!
  - The Teen Leadership Program hosted its first of two summer in-service trainings. Staff teamed up with the City of Dunedin's Human Resource Department's Alex Simpkins and Sherri Frazho and spoke on the Do's & Don'ts of entering the workforce. Our teen volunteers walked away with valuable information that will enable them to continue to grow in the future.
  - Hosted a new program "Trendy Treats" where children ages 9-14 explore the latest food trends. Tweens and teens created and feasted on Fruit Roll-up Ice Cream Sandwiches and PB&J Fried Roll-ups!
  - MLK Recreation Center staff received a thank you note from Olivia Ondash. Olivia has served many years on the Youth Advisory Committee and is ending her involvement as she turns 18 and goes off to Florida Gulf Coast University. We are excited to be a part of her success!

#### **Parks:**

- Staff repaired the traffic control "drop bar" at Jerry Lake.

- Top dressed all fields with Comand at Jerry Lake. Fields 2-4 will be closed until mid-August for rest.
- Continue annual tree trimming throughout Fisher.
- Staff cut out all field edges, added clay as needed and levelled all 7 fields at Fisher.
- Staff removed and replaced the right field foul pole on field 7 at Fisher.
- Hosted USSSA Tournament for ages 8-14 across all 7 fields at Fisher.
- Prepped fields for 125+ league games and practices including end of season tournaments for all age groups including All Star games.
- Staff repaired and secured the quick coupler on field 1 at Fisher.
- Collected and washed 50+ trash/recycling cans at Fisher.
- Crew Leader Brian Elliott completed the Certified Playground Safety Inspector training course and exam. Results are pending.
- Cleared off all 8 courts at Fisher and Highlander for tennis league matches.
- Continued the Downtown Landscaping Project.
- Installed new mulch at the Achieva PawPark.
- Continued the development of Gladys Douglas Preserve.
- Staff provided logistical support for a variety of events and rentals, including the Downtown Market, Sunset Music Series, Juneteenth, and Dunedin Pride Golf Cart Parade.
- **City Arborist**
  - Guest educator/speaker at Dunedin Library's presentation on plants and wildlife of the Gladys Douglas Preserve.
  - Guest educator/speaker for a walk-and-talk at the Gladys Douglas Preserve.
  - Presenter and Q&A panel representative at Dunedin's Hurricane Preparedness Forum hosted at City Hall.
  - Q&A representative pertaining to tree and landscape for Economic Development's Skinner Blvd/FDOT community input seminar at City Hall. Attended 2 FDOT meetings as the subject matter expert for trees and landscaping for the upcoming Skinner Boulevard/FDOT complete streets project.
  - Filmed a short educational video with our Communications team to highlight the sweetbay magnolia at Hammock Park recently crowned "State Champion Tree".
  - Attended a virtual continuing education webinar pertaining to tree diseases of Florida.
  - Attended bid meeting pertaining to the demolition of Dunedin's former City Hall to discuss tree preservation logistics and requirements.
  - Conducted (3) HOA walk-and-talk for local condominium communities to evaluate and discuss their trees and landscaping.
  - Attended Economic Development's pre-construction meeting for the sidewalk widening project along Main Street from Douglas Avenue to the Pinellas Trail. Assisted in answering contractor questions pertaining to existing irrigation sources and locations and discussed proposed structural cells and future shade trees and landscaping.
  - Visited the tree nursery to select (3) new shade trees for the Downtown area associated with the sidewalk widening project. This was to ensure we received excellent quality trees as it pertains to structure and health.
  - Completed mechanical thinning with help from the Florida Fire Service to reestablish a firebreak along the perimeter of Hammock Park. Also, to reduce fuel source in one area based on the Hammock Park Management Plan.

- Provided guidance with DOT and Dunedin's Economic Development team as it pertains to planning for trees and landscaping for the Skinner Blvd. construction project. Currently determining feasible locations for shade trees, structural cell locations and mitigating any sight line visibility conflicts.
- Completed the planting of trees and landscaping along Main Street from Douglas to Highland.

## **LIBRARY**

- Participated in Hurricane exercise and preparation event.
- Grade alley behind 459-475 Main St.
- Supported Sunset Music Series, Juneteenth, Pride Golf Cart Parade and Dunedin Market events.

**Stormwater Section**

- Continued slope ditch mowing.
- Cleaning of Stormwater pipes in Ranchwood subdivision.
- Continued residential street sweeping and stormwater pipe cleaning activities:
  - Hauled 23.85 tons / 24.00 cubic yards of street sweeping debris to the County landfill.
  - Hauled 4.82 tons / 4.00 cubic yards of catch basin / CDS debris to County landfill
- Continued ditch maintenance Citywide
- Repaired 15" CMP pipe at 1801 Royal Oak PI W

- Cleaned 2858 LF of stormwater drainage system.
- Participated in Hurricane exercise and preparation event.
- Participated in Juneteenth event.
- Cleaned catch basins during rain events.
- Continued stormwater pipe maintenance and (1) pipe repairs Citywide.
- Repaired (4) catch basins.

### **Stormwater Program Coordinator**

#### **Stormwater Education**

- At the Juneteenth event, we held a stormwater table with educational items for adults and kids. Spoke with visitors on the importance of picking up after your pets and keep storm drains clear of debris and trash.
- Met with the Dunedin Chamber of Commerce and talked about the Stormwater program. Discussed the Stormwater Master Plan, illicit discharge compliance, and MS4 permit requirements.
- Attended the quarterly Boards and Committees Staff Liaison meeting.

#### **Water Quality Monitoring**

- Water quality monitoring field day with WSP to evaluate water quality sites within Cedar Creek. We are reviewing the site locations to see if we can reduce the number of monitoring sites for more program efficiency. We will evaluate our water quality sites in Curlew Creek in August.
- Met with our contractor WSP to discuss future water quality monitoring efforts in Jerry Lake. WSP will draft a proposal with recommended monitoring efforts for Jerry Lake.

### **Community Rating System (CRS)**

- Attended and participated in the Navigating CRS Documentation workshop in St. Lucie County. A thorough in-depth review of the CRS program by activity.
- In the process of scheduling a meeting with ISO technical reviewers and City staff to discuss Activity 450 Watershed Management Plan. The goal is to discuss the required criteria for this activity and review the current Stormwater Master Plan.
- Staff meeting scheduled for July 24th to create an action plan to meet the criteria for Activity 450 Watershed Management Plan.

### **MS4 Stormwater Permit**

- Working with City staff to create a Stormwater Education & Outreach and Litter Control Standard Operating Procedures (SOPs) as required by our Stormwater permit.
- Attended a Pre-Construction for Lift Station #20 to ensure all erosion control measures will be in place prior to construction. Construction will take place after the rainy season.
- Tracking and collecting data for all sediment removal operations which include baffle boxes, catch basin and street sweeping. This data is reported in the Stormwater Permit.
- Erosion control inspection of N. Douglas Pond prior to construction. All turbidity curtains and silt fencing are in place. The contractor will ensure all erosion control measures are maintained throughout the extent of the project.

### **Stormwater Rate Study**

- Completed reference checks for Raftelis. All references came back favorable for this vendor.
- Approval for the Stormwater Rate Study will go before the City Commission on Tuesday, July 11th workshop.

### **Facilities Section**

- Completed new City Hall picture and furniture placements throughout the building.
- Completed the new City Hall HVAC Training from the vendor.

- Completed replacement of two more variable speed motor on Carrier unit to at DFAC.
- Completed electrical modifications for the contracted demolition of the Marina Pram shed.
- Completed assisting staff with setting up various office spaces at the new City Hall.
- Set and reset the City Hall Chambers for a variety of events.
- Received quote for replacement one a/c system at Hale Center.
- Completed building restorations at Community Center and MLK for space previously occupied by Finance, HR, and Utility Billing once they moved into new City Hall.
- Provided special events electrical services for the following. Pride flag Ceremony, Juneteenth.
- Hired one Craftworker I, Nicholas Hageanon.

#### **Solid Waste & Recycling Division:**

- Staff presented to the Summer Camp students about recycling right, truck safety, and operations. The students enjoyed seeing Solid Waste staff lift furniture out of the claw truck and crush it in the rear load truck.

Summer Camp Fieldtrip to Dunedin Solid Waste

- Staff tabled at the Hurricane Preparedness event to educate attendees on correct procedures for storm debris. Staff spoke with over 65 residents during the event and handed out 100 educational flyers.

Hurricane Preparedness Event – Dunedin City Hall

- 1391 tons of residential waste safely collected from curbside customers.
- 965 tons of commercial waste safely collected, which includes businesses, restaurants, schools, multifamily communities, etc.
- 13,000 residential recycling carts safely collected by the City's residential recycling contractor, Waste Pro.
- 27 - 30 cubic yard recycling roll off containers safely hauled by a combination Staff & Waste Pro between the City's two recycling sites
- 20 tons of free mulch provided to Dunedin residents by Staff transporting loads back from the Waste to Energy plant.
- Commercial & Multi-Family recycling:
  - Staff continues to assist multi-family and commercial customers contracted for recycling collections with Private Haulers to resolve service concerns and to assist in program implementation.
  - Staff is also forwarding new service request inquiries from nearby unincorporated residents to [the Pinellas County Solid Waste Department](#).

## **UTILITIES DEPARTMENT:**

### **Engineering Division:**

#### **Utilities Section**

- **Water Treatment Plant – Design-Build**
  - The Water Treatment Plant (WTP) Refurbishment Project will rehabilitate/replace the existing 9.5 MGD treatment plant and ensure the ongoing production of high-quality potable water to the City of Dunedin's residents and customers. The Water Plant experienced a fire that was contained, and fortunately did not result in an interruption in providing safe potable water to the residents of Dunedin. The damage is being repaired.
  - Fire restoration activities continued through the month of June.
  - The City has negotiated a final settlement with the original contractor to close out the contract. Warranty work on the paint and electrical wiring is ongoing.

- **Lift Station #20 & #32 Rebuild Projects**
  - Both lift stations are undersized, prone to overflow during heavy rain events, and adjacent to waterways. The rebuild of these lift stations will be appropriately sized, provide emergency backup pumping, and reduce impacts on public waterway channels.
  - LS #32 - final bid package is complete, but approval from the State for the release of grant funds is pending. It is anticipated that construction cost will be greater than the engineers original estimate and will require an increased funding cap from FDEM.
  - Lift Station #20 – the construction contract was awarded by the Commission during their meeting of 3/21/23 and executed. Pre-construction conference held and Notice to Proceed set for 6/05/2023, however the contractor reports 1 year lead time for electrical components that most likely will extend the contract time beyond the 270 days. The contractor is submitting shop drawings and performing preliminary layout on the site. The City has approached FDEM for consideration of additional HMGP funding due to increased construction cost escalations.
- **Wastewater Lift Stations Electrical & SCADA System Upgrades**
  - This project consists of upgrades to the electrical panels and controls at the 42 of City's lift stations (LS) in the wastewater collection system. All lift stations will be networked to a new Supervisory Controls and Data Acquisition (SCADA) system with central controls located at the wastewater treatment facility.
  - The contractor is continuing the submittal process and procurement of materials to be assembled and installed.
  - The contractor has notified the City of an additional supply chain delay of an electronic input card required for this project. The delivery time for these cards is over one year from the date of order.
- **Wastewater Lift Station #20 Forcemain Replacement**
  - This project will replace the aged forcemain serving Lift Station #20. The forcemain extends from Cottonwood Terrace along Solon Avenue west to CR 1 and continues south on the east side of CR-1 to the discharge into a manhole near Carefree Lane. Parallel to the portions of the forcemain replacement, the City installed a fiber optic line between the Public Services building, the new Emergency Operations Center and the Belcher Road Storage Facility.
  - The Fiber Optic project is 100% complete.
  - An alternate construction method for the forcemain was proposed by the contractor and evaluated. The contractor was directed to proceed with the forcemain installation as designed and bid.
- **Wastewater Treatment Plant (WWTP) – Electrical & SCADA System Upgrades**
  - This project includes the replacement of the majority of electrical equipment at the wastewater treatment facility. The industrial electrical equipment at the WWTP is more than 30 years in service, and maintenance has become difficult to perform, with parts being a challenge to acquire. Installation of this new equipment increases safety measures for operational and maintenance staff.
  - The project also includes replacement of the process control (SCADA) system for the wastewater treatment process.
  - Bids were received. The bid prices exceeded the Engineering Opinion of Probable Cost. A request has been submitted to FDEP for State Revolving Loan fund (SRF) and an additional \$7.65M added for the project on the FDEP SRF priority list.

- **Wastewater Treatment Plant (WWTP) – Chlorine Contact Chamber Rehabilitation & Cover**
  - The City intends to rehabilitate the WWTP Chlorine Contact Chamber (CCC). Tank lining will be removed and replaced. Gates and valves will be rehabilitated and replaced as necessary. Covers and solar panels were also planned to be added to CCC to improve process efficiency and future chemical costs.
  - The City has contracted with a consultant to design the improvements. The initial design resulted in a construction cost estimate significantly in excess of the project budget. Staff worked with the consultant to rescope the project and materials of construction to meet both the project objectives and budget constraints. As a result of this effort, the covers and solar panels were removed from the project design and specifications to meet budget constraints. The consultant has submitted 100% plans and technical specifications.
- **Wastewater Pipe Lining & Manhole Lining Projects**
  - These projects provide for the installation of liners for pipelines and manholes throughout the City to reduce and prevent inflow and infiltration (I&I) of groundwater and rainwater into the City’s sanitary sewer collection system, thus reducing the potential for sanitary sewer overflows (SSOs) and treatment impacts at the Wastewater Treatment Plant.
  - The FY22 pipe lining project is essentially complete. Emergency repair locations were added to the overall project prior to close out of the 2022 program.
  - FY23 Lining area has been generated and has been reviewed by the City Attorney for acceptance as “Piggyback” contract work. The presented contract was denied due to policy issues. Another compliant contract for piggyback is being researched.
- **Wastewater Forcemain Replacements Project**
  - This project provides the design and installation of six (6) new PVC and/or HDPE forcemains (#1, 2, 4, 10, 12A, & 17) with all valves, fittings, and appurtenances; and the abandonment of the existing forcemains.
  - Design of the forcemains is complete all permits have been approved.
  - TLC was awarded this work during the 4/18/23 Commission Work Session by utilizing a Piggyback award to TLC’s contract with Pinellas County. Preconstruction meeting held and construction is expected to commence during the Sep 2023 with the replacement of LS 1 forcemain along Edgewater Drive. The sidewalk through the Hubbard Linear Park will be closed from Florida Av to Lynhurst St during construction.
- **Curlew Reclaimed Water Tank (Caitlin – can we delete this completed project from the report?)**
  - This project provided for the removal of loose paint, restoration and / or replacement of corroded steel parts and piping, and recoating with a durable paint system with artwork.
  - Artwork on the tank has been completed.
  - Coordination and contract amendments with Verizon and AT&T are underway to allow for the reinstallation of cellular equipment on the tank per lease agreements.
- **Offsite Potable Water Storage Site Valve Replacement**
  - This project provides for the replacement of in ground valves, check valves, and fill valves at offsite Potable Water Storage sites.
  - A site visit has been conducted with a contractor to evaluate the project.

- A quote has been provided via piggyback of a Pinellas County contract. The proposed work exceeds the existing budget. Funding opportunities are being investigated and with the project potentially being budgeted in FY24.
- **WWTP 10,000 Gallon On-site Diesel Fuel Tank**
  - This project provides for the replacement of the diesel fuel storage for on-site generators located at the City's WWTP. The existing tank is reaching the end of its service life and should be replaced in the near future.
  - Engineering/WWTP staff are seeking sole source procurement to address the safety, design and location characteristics / constraints and possible options.
- **Wastewater Treatment Plant Outfall Piping Repair**
  - The intent of this project is to improve the WWTP's outfall system's reliability, redundancy and safety.
  - The project has been submitted and added to the House Appropriations (\$400,000 request) list and issued a form number.
- **Water Production Well Facilities (Well 1)**
  - This project provides for the rehabilitation of raw (potable) water wells, specifically Well #1 this fiscal year. The well, equipment and housing require rehabilitation to continue viable water production.
  - 100% design plans have been received. Bid documents are finalized for advertisement.
  - The proposed work is expected to exceed the existing budget should the project be advertised & bid. A contractor quote has been requested via "Piggyback" of a Pinellas County contract. The comparative "Piggyback" quote is being requested in an effort to meet budgets constraints.
- **Raw Water Transmission Line Pigging**
  - This project provides for the cleaning of 9.8 miles of the raw water transmission lines for the City's wellfield. The accumulation of scale, silt, organic matter, etc. necessitate the pigging approximately every ten years to maintain flow, reduce system contaminants and limit pipe degradation.
  - A contractor quote has been received per the terms and conditions of a Pinellas County contract (piggyback). The Pinellas County contract was not deemed valid for piggyback contracting by the City attorney. Investigating other purchasing instruments to accomplish this work.

### **New Construction**

- **New City Hall**
  - The New City Hall building houses the City's Commission, technical, financial, planning, billing, and administrative services. The new facility has already helped by streamlining City processes and making services for visitors, residents, and customers more convenient.
  - City staff occupied the building in mid-March 2023 as a result of a Temporary Certificate of Occupancy (TCO) which was issued to the contractor for the Administrative portions of the building.
    - The Commission Chambers were officially utilized for the first time on 6/1/23 for Budget Workshop #1; with the 6/6/23 Commission Work Session to be held next.

- Final Punch List items have been documented by City staff, the project Architect (Harvard Jolly), as well as the contractor, as Manhattan works towards Substantial Completion.
- The Grand Opening & Ribbon Cutting Event was held the evening of Friday, May 19, 2023; and was deemed by all in attendance to be a successful event.

### **Roadway Section**

#### ○ **Santa Barbara Brick Street**

- The project was awarded on February 21<sup>st</sup>. to Evolution Contractor, of Clearwater FL.
- Construction has commenced and the contractor is coordinating with impacted residents.
- Water and sewer lines have been replaced.
- Gutters and Driveway Aprons have been installed.
- Work is approximately 40% complete.

### **Drainage / Interdepartmental Support**

**Brady Drive:** DRMP, Inc., (one of the City's General Engineering Consultants [GEC] firms) previously prepared a Preliminary Engineering Report (PER) to investigate elevating Brady Drive and conveyance alternatives where Jerry Branch passes under the road. The PER provided a preliminary cost estimate to improve the level of service (LOS) for Brady Dr., with staff selecting a 10-year LOS for design. The project design and permitting was assigned to DRMP, Inc., one of the City approved engineering contractors.

- DRMP has submitted the 100% Plans.
- Specifications have been finalized and reviewed by the City.
- Bid documents are currently being prepared for August.
- **Pickleball Courts:** The Parks Division is reviewing locations for additional Pickleball courts. Once a decision has been made regarding location and design of facilities, engineering will provide design and permitting support.
- **San Charles Drive Drainage Improvements:** This drainage improvement project is slated for construction in FY23. The purpose of this project is to provide a roadway level of service (LOS), 10-year / 24-Hour, for the intersection of San Charles Drive and San Roy Drive South. The status of the project is as follows:
  - A title search was ordered and submitted to the City in February 2022.
  - Preparation of the construction plans is in process.
  - Plans were sent to utilities for review & comment.
  - Project has been delayed as a result of engineering vacancies.
- **Santa Barbara Drive Drainage Improvements:** This drainage improvement project is slated for construction in FY24. The purpose of this project is to provide a roadway level of service (LOS), 10-year / 24-Hour, for Santa Barbara Drive, from 200 feet north of San Salvador Drive to Bueno Vista Drive South (approximately 1,800 feet). The status of the project is as follows:
  - City staff is working with the architect for the property owner at 1768 Santa Barbara Drive to vacate an existing utility easement and coordinating with the property owner's surveyor to prepare a legal description for a new easement.
  - Construction plans are in preparation for the new outfall associated with the previously referenced address. This outfall will be up-sized as a part of the

- o proposed drainage improvements for Santa Barbara Drive.
  - o Preparation of the construction plans is in process.
  - o Project has been delayed as a result of engineering vacancies.
- **Buena Vista Drive Drainage Improvements:** This drainage improvement project is slated for construction in FY24. The purpose of this project is to provide a roadway level of service (LOS), 10-year / 24-Hour, for Buena Vista Drive from Mira Vista Drive to 600 feet northeast of Mira Vista Drive.
  - o Preparation of construction plans is in process.
  - o Project has been delayed as a result of engineering vacancies.
- **Downtown East End Plan (DEEP) - Mease Materials:** This parking lot reconstruction project is slated for construction in FY23. The status of the project is as follows:
  - o Demolition of the existing building is complete.
  - o The temporary Millings Parking Lot is complete.
  - o Engineering is in the process of developing construction plans for permitting and future bidding of a permanent Parking Lot, subject to funding availability.
- **Gabions Drainage System Repair:**
  - o Pennoni Associates, Inc. is under contract (7/13/21) with the City to evaluate, prioritize and prepare construction plans for the repair of the gabions.
  - o Approximately 900 ft. of gabions are to be designed and permitted for repair. The repairs proposed are located between Pinehurst Road, Jackmar Road, Patricia Avenue and Idlewild Drive South.
  - o Survey by Pennoni has been completed with geotechnical testing by Tierra of the gabions and ditch.
  - o 100% construction plans and environmental permit packages have been submitted, reviewed and approved by the City and regulatory agencies.
  - o The bid is scheduled for August.

**Development**

- **Site Infrastructure / Development Review Participation:**  
 Projects discussed/researched as part of DRC meetings – (0)  
 Site / Infrastructure plan sets in review – (3)  
 Approved developments in construction- (5)

**Wastewater Division:**

**Plant Summary**

- **Wastewater Treatment flows:**

o Influent Average Daily Flow:	3.694 Million Gallons
o Influent Monthly Total Flow:	110.820 Million Gallons
o Reclaimed Water Average Daily Flow:	3.225 Million Gallons
o Reclaimed Water Monthly Total Flow:	96.750 Million Gallons
o Final Effluent Average Daily Flow:	0.224 Million Gallons
o Final Effluent Monthly Total Flow:	6.733 Million Gallons
- **Maintenance and Repairs:**
  - o Maintenance performed weekly greasing of all WWTP equipment.
  - o Maintenance performed weekly inspections at all reclaim pump stations.
  - o Maintenance installed new re-aeration air header system in the South Re-air Tank.

- Gardner Denver outside vendor; on site semi-annual P/M on all five Lamson centrifugal blowers Facility #13, temps, vibrations, new vibration pads and grease change.
- National Electrical Maintenance outside vendor; on site infrared testing all WWTP and reclaim pump stations Motor Control Centers.
- Yutzy Tree Service outside vendor; on site removed several trees at 1001 Curlew Road, West of Curlew Reclaim Tank for future FDOT Curlew Road project.
- Hydro-Dyne Engineering outside vendor; on site annual P/M and inspection on both course bar, fine bar and grit removal systems. {No Issues}
- Maintenance installed two new isolation valves at Facility #12 aerobic digesters #3 and #4.

New South Reaeration Tank Air Header System Installed Fac #10

#12

New Isolation Valves Installed Between Digester #3 & #4 Fac

- **Compliance:**

- The June 2023 Discharge Monitoring Report was submitted to FDEP with no issues.
- DMRQA Study #43 underway, mandated through EPA.

**Collections Summary**

- **Scheduled repairs:**

- Manhole Repairs: (2) – 1044 Bass Boulevard SE 27 M/H #60 and NW 35 M/H #122 Vine.
- Mini-Scout list for I&I (Inflow & Infiltration): (0).
- Clean Out Installs: (2) – 1069 Victoria Drive and 1917 Sourwood Boulevard.
- Lateral Repairs: (6) – 1444 Dinnerbell Lane East, 1286 Ranchwood Drive East, 1832 Pasadena Drive, 1444, 1429, and 1437 Rosewood Avenue.
- Lateral Liner: (1) – 439 Highland Court.
- Main Line Repair: (1) – James/Vine E/S of M/H #120.
- Picote / Descaling: (1) – 700 Buttonwood Lane.
- Responded to citizen blockage calls: (17)
- Sunshine 811 locate tickets: (252).
- Continued with Preventative Maintenance inspections and routine maintenance.

Lateral Repair 1444 Dinnerbell Lane East

Main Repair James & Vine

- **Vac / Cleaner Truck:**

- Cleaned in Grids: (11) – NW 26 San Pedro Drive, SW 27 Hancock/Douglas Avenue, SE 24 Teakwood/Sandalwood/Copper Kettle Lane, SW 27 Mann Court/Douglas Avenue, NE 25 Overcash Drive/Copper Kettle, NE 15 Causeway Boulevard, N 22 Mira Vista/Douglas Avenue, SW 34 Citrus Avenue/Grove Circle, SW 34 Valencia/Orangewood Drive, SW 23 Mary Jane and SE 24 Dinnerbell Lane.
- Cleaned Wet Wells at Lift Stations: (6) – #3, #16, #19, #22, #25, #40.
- Total cleaned: 10,639 linear feet (LF) and applied ROOTX 0 LF of sewer mains.
- Continued to perform routine maintenance.

- **TV Truck:**
  - Televised Main Lines: (1) – LS #20 area.
  - Installed Sectional Liner: (3) – NW 35 d/s M/H #53 405 Patricia Avenue, SE 24 Cottonwood Terrace 13' u/s M/H #19 and Ne 25 Dinnerbell Lane East r/e M/H #57 d/s 103'.
  - Total televised: 14,860 LF with 36 set-ups.
  - Continued to perform routine maintenance.
  
- **Lift Stations:**
  - Cleaned check valves: (2) - LS #12A and #38.
  - Repaired ARV at LS #15.
  - Installed Pumps: (2) – LS #20 Pump #3 and LS #14 Pump #1.
  - Cleaned Wet Wells: (1) – LS #30.
  - Removed Rags from Pumps: (3) - LS #27 Pump #2, LS #29 Pump #1, Pump #2 and LS #30 Pump #2.
  - Continued checking telemetry on computer and print reports daily.
  - Continued preventative maintenance.

ARV Repair Lift Station #15

- Train #4 has been wired, working on communication issues.
- **Maintenance/Refurbishment project update:**
  - Continued working through project issues and coordinating drinking water production around fire recovery activities.
  - Painters are prepping exterior for painting.

**Water Administration**

- Cleaning up files.
- CCR is complete.
- PSAR is submitted.

**Water Distribution**

- **Maintenance and Repair –**
  - Annual backflow-testing program is 39% complete, with approximately 3,269 backflows tested for the calendar year.
  - Large meter program is 100% complete, with 78 large meters tested for the calendar year.
  - Hydrant Program has installed 0 new hydrants, repaired 8, replaced 4, painted 91, and flow tested 53.
  - Valve Program exercised 28 valves this month. For the year, the Valve Program has installed 0 new, replaced 1, repaired 0, and exercised 231 potable / 50 reclaimed valves for a total of 281 distribution valves exercised.

Potable Water Service Line  
Repair 269 Ashley Court

Install Hydrant Meter  
Main Street / Pinellas Trail

**Wellfield**

- Ardurra (formerly King Engineering) has developed the engineering drawings and technical specifications for the design and renovation of Well #1; with a new pump / motor, piping, & electrical features. We anticipate the project will go out to bid in Fall 2023.
- Well #2 and Well #12 are currently out of operation. Southeast Drilling Services have been scheduled for early July to replace burned out motors for both wells.
- Develop condition status for all the production wells.
- Quotes are being evaluated to pig the raw water line.

## **COMMUNICATIONS**

The Communications Department supports all City Departments in an effort to keep citizens and the public informed and engaged through the City's digital, social and video platforms.

- **Areas of Focus**

- Hurricane Expo attracted 100+ residents
- FDOT Town Hall Meeting/Skinner Improvements
- Golf Cart Infrastructure Plan
- Engage pages created and promoted for FDOT/Skinner, Golf Cart Infrastructure Plan, Livestream Commission meeting choices survey
- New website - Open Cities website training for staff continues.
- Building new DEN Intranet test site from SharePoint/Office 365
- Reclaimed Water shortage management/messages
- Memorial Day safety and recycling messages
- Safe Boating
- Preparing for Hurricane season
- Managing and Monitoring Social Media Accounts and responding to comments/questions on social media 7 days a week
- Juneteenth – employee and community event and African American sign marker on the Trail dedication
- Pride Month
- Summer Camps and collaboration with Parks & Rec on hours/days of video filming for Parks & Rec month video

- **Social Media**

- Engagement continues to grow on all platforms – especially through short video reels on Instagram, YouTube and on Facebook. Growth on platforms are coming from these video “shorts”
- See attached June Social Media Monthly report for top posts, metrics, including DunediNEWS (Attachment)
- See Zencity Community Sentiment analyst report for Q2 2023. (Attachment)

### **Dunedin Website**

- Working with Open Cities on New Website/Phase Three – content migration and training
- Employee Intranet – experimenting with Office 365 SharePoint for Intranet versus purchasing a new platform.

### **June**

Website analytics/reports. (Attachment)

Highlights from the metric report:

- Top organic search terms: City of Dunedin, Dunedin Library, City of Dunedin jobs, Dunedin Causeway, Dunedin Community Center
- Mobile continues to be the dominant way people view and search our website.

### **Video content**

- In June. People watched our videos 22,409 times on YouTube.
- Our watch time went up 53% compared to May. (256.8 hours)
- Our top video on YouTube for the month was a short about not bagging your recycling. (2,292 views)
- Followed by the Girl Scout Troop's visit to City Hall. (1,953 views)

- On Instagram, our top reel was raising the flag for Pride Month, gathering over 10,400 views and 180 shares.
- Our second-most-viewed video was the Golf Cart Survey, which garnered over 7,900 views and 73 shares.
- We shared 34 reels for the month of June. The Pride video was also the top viewed video for Facebook reaching over 10,600 people.

## Notes of Encouragement To City Staff

On Social Media from: Michael Ktuf Bagby

This past Saturday we came home to find a river of water rolling down the street in front of our house on Admiral Rd. We could see the water bubbling up between our yard and the street. Line Break! I immediately called the Dunedin Water department and within fifteen minutes those fine folk were there to take care of it. They assured us we could go out for the evening and all would be well. We did and they were right! THANKS to our wonderfully efficient City of Dunedin public servants working on call on a weekend. YAY!

THE NEWCOMERS CLUB

6-14-2023

Dear Nicole.

Thank you so much for the wonderful tour of the new City Hall.

The Dunedin Newcomers really enjoyed the "behind the scenes" look at the beautiful space!

You are delightful!

Dawn Dollanig  
Dunedin Newcomers

> Sent from my iPad

Tina & Emily,

Thank you for celebrating my graduation with me! I am so grateful to have you both in my life, you have both shaped me into the person that I am. Thank you for that! I'll keep you updated on my adventures.

love, olivia ♡

**What if... Watch this Powerful Simulation of a Category 5 Hurricane's Impact to the Tampa Bay Region**

What if a Category 5 hurricane struck the Tampa Bay region? How would the events unfold, and what would the region look like in the aftermath of the storm?

The Tampa Bay Regional Emergency Council has created **EMERGENCY SIMULATION 2.0** – a real world simulation of what might happen if the Tampa Bay region is hit with a destructive Category 5 hurricane. Project coordinators are working with local, state and federal agencies to ensure that management agencies during disaster recovery.

This video is a powerful reminder of the destructive force of a hurricane and the vulnerability to our coastal communities. Please join us Tuesday, June 15, from 4 – 8 p.m. at the **City Hall** for a free Community Simulation Lab presented by the City of Dunedin and the Dunedin Chamber of Commerce.

**What if... Watch this Powerful Simulation of a Category 5 Hurricane's Impact to the Tampa Bay Region**

### Tax Free Holiday for Hurricane Season

Consumers can purchase qualifying disaster preparedness supplies exempt from tax during the 2023 Disaster Preparedness Sales Tax Holiday. Passed by the Florida Legislature and signed into law by Gov. Ron DeSantis, the sales tax holiday begins Saturday, May 27 and extends through Friday, June 9. A second exemption period will begin Saturday, August 26 and extend through Friday, September 8.

### Golf Cart Infrastructure Plan

The City of Dunedin is reviewing its Golf Cart Infrastructure Plan, seeking to enhance the user experience and potentially expand the program with amenities like charging stations, defined parking, and FDOT roadway crossings. Public engagement opportunities will be available, and updates can be found at [dunedin.fl.civilspace.io](https://dunedin.fl.civilspace.io)

This survey is for everyone – residents with and without golf carts, visitors and local business owners or employees – and will inform the project outcomes.

### Mosquito Control - Prevention Tips

Pinellas County Mosquito Control ensures effective mosquito treatment and prevention countywide. Their expert team utilizes integrated pest management techniques, focusing on surveillance, prevention, and targeted treatments to eliminate mosquitoes before they become a nuisance. They actively monitor for mosquito-borne diseases and take prompt abatement measures when necessary. Additionally, they provide free educational programs and services for all ages as part of our comprehensive approach to mosquito management. ## Q2 Quarterly Overview: Responses to city channels remain highly positive; leading subtopics include Water & Pipelines, Festivals & Events, and Heritage & Commemoration

Apr 1 - Jun 30, 2023

### Most popular subtopics

**Water and Pipelines (13%)**

Interactions: 4,248 · ↑ 2,101%

**Festivals and Public Events (9%)**

Interactions: 2,708 · ↓ 4.1%

**Heritage and Commemoration (7%)**

Interactions: 2,195 · ↑ 246%

∨ View all subtopics

In Q2 (Apr–Jun) 2023, the [City’s official social media channels](#) generated 31.9K interactions, a 15% increase in volume compared to the previous quarter (Jan–Mar). These official interactions comprised 22% of all interactions captured in the Zencity dashboard in Q2, the same share as last quarter.

Interactions with City-led messaging were mostly positive, as evidenced by 37% positive sentiment and only 2% negative. Since the conversations covered a range of subjects, Zencity reviewed the **most prominent subtopics** that generated **conversation** and the stories that drove them. The analysis reveals the **following breakdown**:

**Water and pipelines (4.2K interactions):**

- About 81% of conversations on this topic stemmed from [one post warning residents not to flush "flushable" wipes \(3.8K interactions\)](#). The majority of responses (54%) consisted of 'likes' and 'shares,' reflecting appreciation for the post and a desire to help spread the information. Several comments complained that they should not be marketed as "flushable," while others asserted that the government should work with the companies that make these products to find a solution, rather than leaving it to residents.
- Another prominent post included an update to City of Dunedin reclaimed water customers about **restored water pressure**. Again, many of the responses (45%) consisted of passive support and appreciation through 'likes' and 'shares.' Some frustrated commenters **asked why they had not been warned** of a possible water shortage ahead of time. One popular comment asserted that the water shortage is due to **high population growth and overdevelopment**.

#### **Festivals and Public Events (2.7K interactions):**

- The most popular [post](#) invited residents to the installation of the **African American Community Recognition Plaque**. About 83% of responses consisted of 'likes,' 'loves,' and 'shares,' **reflecting significant support and excitement**. Others expressed their support in the comments, with several commenters lauding Eli's BBQ and hoping it would be open during the event.
- Other prominent posts included the kickoff of the Sunset Music Series in Weaver Park, the final performance of The Piper on the Pier, and other celebrations for Juneteenth and Independence Day.

#### **Heritage and Commemoration (2.2K interactions):**

- The City's posts about the new commemorative plaque recognizing Dunedin's African American citizens, two posts about Andrews Memorial Chapel, and a post remembering Wendy Barmore all attracted significant support and positivity online.
- In addition to supportive 'likes,' 'loves,' and 'shares,' many commenters expressed appreciation for these posts, especially in response to the two posts about the new commemorative plaque; **these posts prompted several comments applauding the event and sharing messages like, "This is wonderful. Proud to be part of the Dunedin community."**

- Participated in City Juneteenth events
- Responded to calls with crews for assistance when available
- Completed training reports for all shifts for the month of June 2023

A Shift completed 611 Hours

B Shift completed 533 Hours

C Shift completed 643 Hours

Department total of 1787 hours (June 2023)

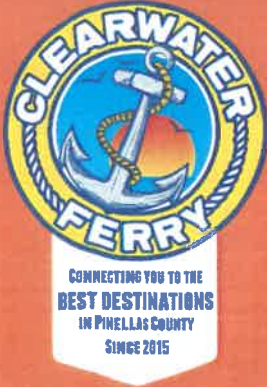

## Operations:

- Two Paramedic candidates are currently in the hiring process and are expected to start in July.
- Interviews were held on June 21<sup>st</sup> and three candidates were selected to continue with the hiring process. One candidate is a Firefighter/Paramedic and the other two are Firefighter/EMT's. The Department will have one remaining Firefighter/Paramedic position to fill.
- FF/P Steven Clauss was promoted to Lieutenant on June 28<sup>th</sup> replacing Lt/P Fred Vielhauer, who retired after twenty-four years of service.
- Paramedic Zachary Harner and Paramedic Sarah McKay both completed the Fire Academy and now begin working on their County Paramedic certification. Both started with the department in February 2023.
- One member remains on extended light duty status for an injury.
- Fire Administration personnel participated in the Juneteenth In-service day. The group assisted Sustainability Program Coordinator, Natalie Gass with planting fire bush plants at Fire Admin., Station 61 and Station 62. The group also participated in other offered programs that afternoon.
- Fire Admin Staff have started a new monthly "Informal Coffee with the Chiefs" at the EOC for those interested in attending to get updates on current activities and to have questions answered.
- The Department continues to provide First Responder EMS services to the Blue Jays Spring Games. We have 2 FD personnel working at all home games.

# Monthly Ridership Report

Prepared by Clearwater Ferry Services for the City of Dunedin.

For any questions or to request a copy of this report, please email [dennis@ClearwaterFerry.com](mailto:dennis@ClearwaterFerry.com)

Approved by the City of Dunedin Commission to start on July 6<sup>th</sup>, 2018, Clearwater Ferry services Dunedin every Friday, Saturday, and Sunday. Trips depart from the Dunedin Marina at the below times and go to Clearwater Beach Marina, then to Downtown Clearwater, then back to Dunedin.

**Update:** Our schedule is available online and is updated in real time. In this time, we are testing expansion of stops that will allow guests to depart at our North Beach and Clearwater Marine Aquarium/Island Estates stops

**Note:** We ran service from June 28<sup>th</sup> through July 4<sup>th</sup> for the Grand Opening of Coachman Park. We also had 2 days of bad weather in which we did not operate.

## JUNE 1 – 30, 2023

- Number of Days of Operation: 13 Days
- Total Ridership with service to and from Dunedin: 635 passengers
- Average daily Ridership on Blue Line with service to Dunedin: 49 guests
- Passengers originating in Dunedin = 70% // Passengers originating in Clearwater = 30%

### PILOT PROGRAM TO DATE (7/6/18-present)

755 Days	48,143 Passengers	64 Guests Daily Average
